

## Introduction

Color-Keyed®

### An Unbeatable Tool Selection

Thomas & Betts offers a complete range of tools for industrial electrical applications. This catalogue provides a look at our extensive tool offering including manual, hydraulic, and battery-operated compression tools. You'll also find a comprehensive die selection chart that makes matching dies to tools fast and easy.

Whatever the application or budget, there's a Thomas & Betts tool that will help you get the job done faster and more efficiently.

## Warranty and Service Providers

### Thomas & Betts Tool Service

Thomas & Betts Tool Service has a staff of highly trained, experienced and dedicated technicians and application specialists to support our customers in every aspect of their tooling needs.

The Tool Service Department is capable of repairing all Thomas & Betts tools, from small tools to large hydraulic pumps and crimping heads. The department is also responsible for warranty repairs and will supply a loaner tool when necessary.

For customers capable of repairing their own tools, Tool Service also sells the component parts. In addition, the department can provide the technical data and information required.

Other services include the calibration or certification of tools to meet applicable standards including "in house" certification of tools for larger OEMs in conjunction with the ISO 9000 programs.
