IBERVILLE® BC1018-LHTQ™

**The biggest, single-gang
steel box on the market**

The **IBERVILLE® BC1018-LHTQ™** delivers an unprecedented 18 cubic inches of capacity, giving you the extra finger and conductor space you need for heavier duty device installations such as fan and lighting controls, GFCIs and thermostats.

And, because it's an LHTQ, you can be sure that installation is always fast and accurate.
