Steel City® Adjustable Ring
A quick solution
for a common rough-in problem

Now there's a quick, easy and economical way to ensure that stud-mounted outlet boxes fit flush with finished drywall, plaster or ceramic tile.

The Steel City® Adjustable Ring features an inner ring that adjusts from 1/2" to 1-1/2" in depth to accommodate various drywall thicknesses. The inner ring can be set to the anticipated depth prior to installation and then easily adjusted after drywall installation to accommodate any variation in depth (1/2" to 1-1/2").
