Steel City® Adjustable Ring

A quick solution for a common rough-in problem

Now there's a quick, easy and economical way to ensure that stud-mounted outlet boxes fit flush with finished drywall, plaster or ceramic tile.

The Steel City® Adjustable Ring features an inner ring that adjusts from 1/2" to 1-1/2" in depth to accommodate various drywall thicknesses. The inner ring can be set to the anticipated depth prior to installation and then easily adjusted after drywall installation to accommodate any variation in depth (1/2" to 1-1/2").

tips

Did you know...

... that the Carlton® PVC Conduit Repair Kit can drastically reduce the amount of time you spend fixing stub-ups in concrete slabs?

This unique system allows you to repair broken PVC conduits quickly and efficiently, maintaining the inside conduit diameter without having to chip away or repour cement.

It's easy. Simply cut off the broken conduit, ream the inside diameter of the conduit, insert a coupling or adapter and the job is done!
