

From **#22** to **#8**, anywhere,  
everywhere,  
and all points in between.

resimarr®  
**833**

The only wire connector you'll ever need.

It's new. It's fast. It's versatile. The resimarr® **833**® is the only marrette® you'll ever need. Commercial, industrial and residential applications — install it anywhere you need to make connections requiring wiring combinations from #22 to #8.

- **Highly visible**
- **Advanced ergonomic design**
- **Fast installation with less finger fatigue**
- **Maximum torque in all weather conditions**
- **Superior wire connection with no pre-twisting**
- **Dichromate spring finish - 10 times the corrosion resistance of standard zinc**
- **Connects all typical wire combinations (#22-#8)**

Connect with the newest member of the marrette® family at your local electrical distributor.
