

It's a family affair.

THE LHTQ™ FAMILY PROUDLY WELCOMES ITS NEWEST MEMBER.

Presenting the new IBERVILLE® BC3104-LHTQ™.

There's a new addition to the IBERVILLE® LHTQ family! With a capacity of 16 cu. in., the new IBERVILLE BC3104-LHTQ™ steel device box is designed for any installation that requires a greater number of conductors such as heating and GFCI applications.

What's more, because it's an LHTQ, installation is always fast and accurate. Look for these practical and patented time saving features on all LHTQ models.

- positioning guides for drywall and outside wall applications
- retractable positioning tabs
- internally embossed mounting slots
- flat box sides for maximum stability
- holding prongs
- **CSA-approved one-screw mounting**

The IBERVILLE BC3104-LHTQ device box is available now at your local participating electrical distributor.

IBERVILLE LHTQ - innovative design and quality manufacturing are a family affair.
