

T&B new product alert

Take the work out of rework with the new **IBERVILLE**® BC 1104-LRB Rework Box

Introducing the **IBERVILLE**® BC1104-LRB steel rework box from Thomas & Betts – the latest in a long line of **IBERVILLE** solutions for everyday problems.

Designed and manufactured in Canada, the BC1104-LRB rework box has flat sides to make installation during rework applications fast and problem-free. For a perfect 1-2 combination, team up with **IBERVILLE** CI820-DX rework support brackets.

Available now at your local participating electrical distributor.
