

**Unique on the market,
100% compliant,
100% new.**

New steel device boxes designed for use with 5/8 inches drywall are a perfect fit.

To prevent the spread of flames, Article 12-3016 of the Canadian Electrical Code requires that the space between boxes and drywall be no more than 6 mm.

- Four models available
- For use with nonmetallic sheathed and armoured cables
- Boxes can be installed on either side of the steel stud
- Brackets adjust to steel studs from 2-1/2 inches to 6 inches
- Ideal for commercial, institutional construction, and much more
- CSA certified
- Proudly designed and made in Canada

Meets CEC requirements

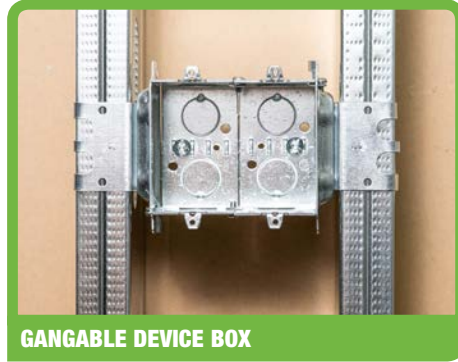

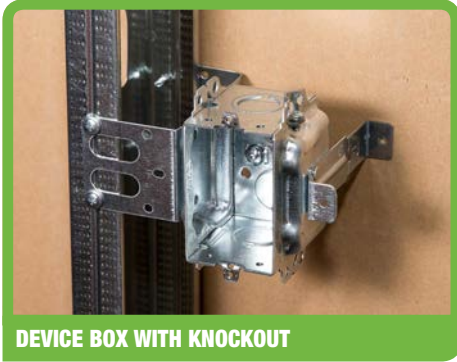

Capacity of 16 and 21 in³

For 5/8 in. drywall

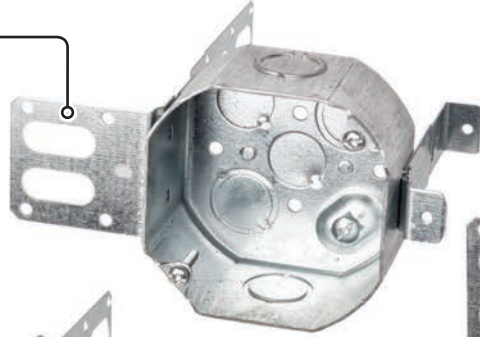

Thomas & Betts. Your best connection for innovative solutions.

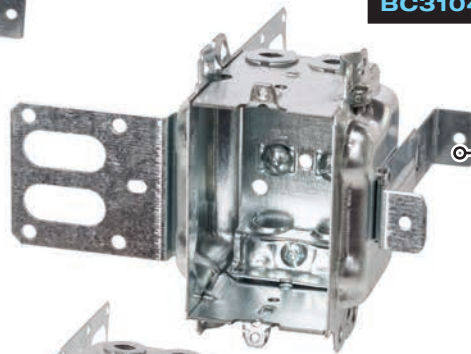

A perfect fit with 5/8 in. drywall.
