

Another innovative solution for Wire and Cable Management

Microelectric® CT-L Series includes new internal and external grounding connectors

BC Hydro-approved,
transformer-rated
meter sockets

The Microelectric® CT-L Series meter sockets comply with BC Hydro instrument transformer enclosure requirements for services approved after March 1, 2013.

- Transformer-rated – 20 A, 600 V maximum
- For underground service only
- Conductor range: 14-10 AWG
- Tunnel type connectors for both load and line sides
- Includes internal and external grounding connectors
- Protective cover hides hydro seal from view
- Lower test switch compartment cover is held securely in place by the upper cover and can be locked to restrict access
- Comes with BC-required pad-lockable test switch cover
- A removable mounting bridge is provided for fastening test switch supplied by BC Hydro
- Contact your local BC Hydro design technologist to select approved meter socket
- Designed and manufactured in Canada

Meets BC Hydro requirements

Internal and external grounding connectors

Pad-lockable test switch compartment

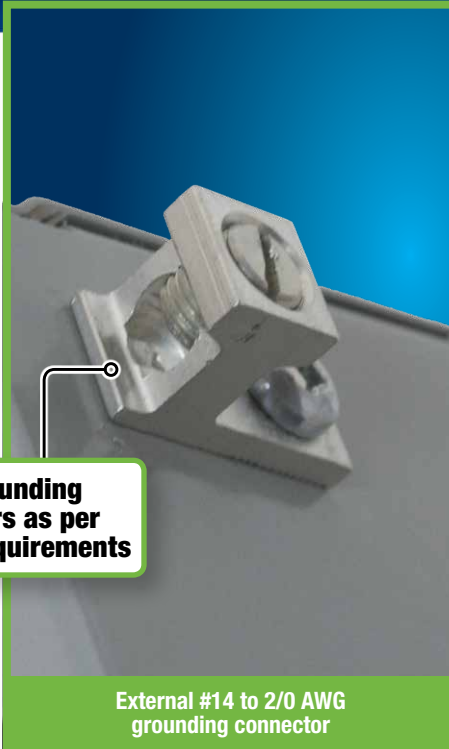

Thomas & Betts. Your best connection for innovative solutions.

Solid construction, simple installation

Internal 6 position #14 to #2 AWG grounding connector

External #14 to 2/0 AWG grounding connector

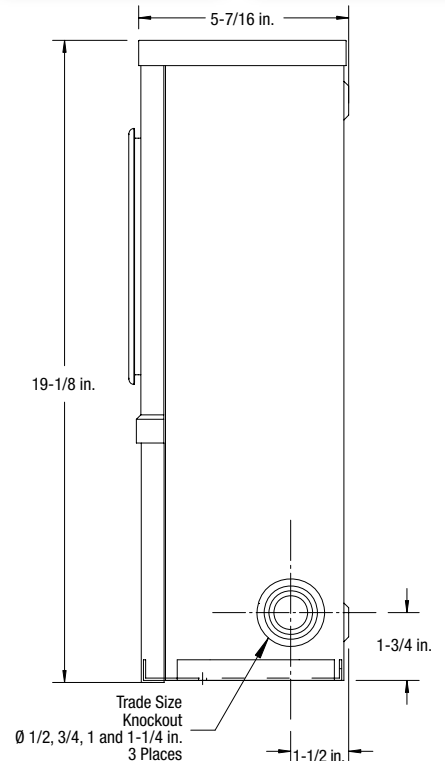

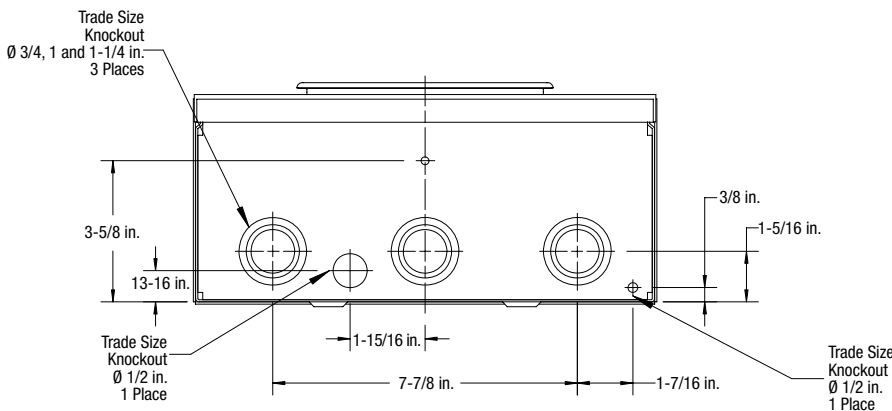

New grounding connectors as per BC Hydro requirements

Tunnel type connectors for load and line sides

Locking pad lock tab for test switch compartment
