

Original Equipment Manufacturers (OEMs)

Customized products are part of our DNA.
We manufacture to your specifications.

Thanks to our engineering expertise, digital tools, and welding robots, we can produce customized product solutions to meet a range of customer specifications, particularly those of original equipment manufacturers (OEMs).

Examples of customization

- Paint color
- Materials
- Dimensions and configurations
- Shapes and cutouts
- Size and position of holes/openings
- Added shelves or partitions
- Special handles and locking systems
- Ventilation devices
- Inner panels
- Added windows
- And much more!

Custom Enclosures

Designed and Built To Our Customer's Specifications

Custom Enclosures

Model COA & JR

The computer angle station offers a full-featured, ready-to-use solution to protect computer systems in an industrial environment.

The enclosure could include an upper front window door, lower front solid door, shelves for computer and printer, and a keyboard compartment.

The oil and dust tight JR enclosure is designed to house a computer right on site, where the action is...

The enclosure could include a special frame to accommodate a 19" or 24" rack equipment.
