CO27 Series

200 A, 120/208 V; combination polyphase with breaker

Product specifications

- Line side and neutral conductor range: 6 AWG-250 kcmil (Aluminum Tunnel Type connectors)
- Load side conductor range: 3AWG-250 kcmil
- Aluminum tunnel type connectors
- Suitable for 120/208 V polyphase service entrance
- For overhead installation

- Larger hub opening requires use of 3 in., 3½ in.
 or 4 in. hubs unless BS052 adaptor plate is used
- Supplied with 10 kA Siemens QR 3 pole circuit breaker
- Weatherproof Type 3R enclosure
- Supplied with screw type rings

Approved for copper or aluminum
